Part Import Brand Orientation

Among the export number of bicycle parts, bicycle lighting visual signal equipment, fork and related parts, transmissions, handlebar, stem, rubber tires etc. have grown substantially. In the export value, bicycle lighting visual signal equipment, sprocket, crank gear, chainrings, handlebar, stem, saddle, rubber tires, have reached a

20% growth. The decline in export number, sprocket, saddle, wheel, brake cable parts are the most, more than 10%. The export value has grown steadily, there's hardly any recession. It shows that international market demand for high-end parts is increasing.
